

Paul, Hawken and Debra Miller

Welcome to our first monthly electronic newsletter. We look forward to sharing information with you in a regular forum. We'll provide updates on research, fundraising and awareness building.

CureDuchenne kicked off 2012 with a successful Scientific Summit and Champions to CureDuchenne Newport Beach Gala. CureDuchenne is dedicated to finding treatments and a cure for Duchenne muscular dystrophy.

Below is our March newsletter highlighting recent awareness and fundraising activities. We also have a new Chief Scientific Officer who is responsible for CureDuchenne's Drug Discovery and Development Program.

Please read about our organization and consider making a gift to support the mission of CureDuchenne.

Your support can save the lives of hundreds of thousands of boys worldwide.

To make your gift, visit us "**HERE**".

Debra Miller, President & Founder

Research...CureDuchenne is funding three new research projects. CureDuchenne is dedicated to finding treatments and a cure for Duchenne regardless of the specific genetic mutation by advancing drug development programs, identifying new drug targets that exhibit potential to transform the treatment of Duchenne and help drive the most promising research programs to market. <<**Read More**
