CURE DUCHENNE HAPPENINGS

Napa in Newport

With over 440 attendees, 45 vintners and countless glasses of wine, our 9th Annual Napa in Newport, held at Monarch Beach Resort, was a tremendous success! Thank you to all who continue to support our cause.

Love Cures

The Inaugural "Love Cures" event, inspired by the Etienne and Filenko families, was recently held in San Diego at the Del Sur Ranch House. From worlds apart, these families by circumstance, connected through the love of their young sons. We are excited that the first year event raised \$45,000 to help find a cure for Duchenne muscular dystrophy.

FAMILY STORIES

DAY OF DIAGNOSIS: THE ARCHDEACON FAMILY STORY

When Nick was diagnosed in June of 2010, it shook our family to the core. At that moment, we chose to live our lives in the now. No matter what people thought we should do, we chose to spend our last dime on experiences and making memories that mattered.

The Archdeacon Family Story

"When Nick was diagnosed in June 2010, it shook our family to the core. At that moment, we chose to live our lives in the now. No matter what people thought we should do, we chose to spend our last dime on experiences and making memories that mattered."

DAY OF DIAGNOSIS: THE ARGALL FAMILY STORY

We received Devin's diagnosis on October 26, 2005. Our family maintains a very positive outlook on life despite Devin's diagnosis. As much as we wished the circumstances were different, we had to acknowledge life with Duchenne as our new reality.

The Argall Family Story

"We received Devin's diagnosis on October 26, 2005. Our family maintains a very positive outlook on life despite Devin's diagnosis. As much as we wished the circumstances were different, we had to acknowledge life filled with Duchenne as our new reality."
