

Dear Friend,

I'm Ryan Getzlaf, the captain of the Anaheim Ducks. My wife, Paige and I invite you and your company to participate in the **10th Annual Getzlaf Golf Shootout benefitting CureDuchenne™ on Saturday, September 11th, 2021.** It's a beautiful day of golf at the Monarch Beach Golf Links, followed by a post-golf cocktail reception, dinner and live auction.

CureDuchenne is a leading national non-profit seeking to find a cure for Duchenne muscular dystrophy, a fatal genetic disease affecting 1 in 5,000 boys. Instead of getting stronger with activity and exercise, muscles in kids with Duchenne deteriorate, robbing them of their ability to walk, play, and eventually breathe. Typically diagnosed by age 5, children often require a wheelchair by age 12 and most won't survive past their late 20s.

Paige and I have been supporting CureDuchenne for a decade now. We believe that the work they do **creates the best chance** for children affected by Duchenne to grow up and live longer, more full lives. While offering supportive programs for everyone affected by this destructive disease, CureDuchenne continues to identify new hope through an innovative **venture philanthropy model, which helps fund groundbreaking pharmacological research and gene-based treatments for Duchenne.** A potential cure is within reach, and we need your support **now more than ever.**

Join us by participating as an auction donor for the Getzlaf Golf Shootout. Your participation is the perfect opportunity to market your business to Southern California's highest profile businesspeople while helping thousands of children and their families around the world.

Please consider donating a package to the Getzlaf Golf Shootout's silent or live auction. You will receive a letter for tax purposes. CureDuchenne is a charitable nonprofit 501(c)(3) corporation, Tax ID number 20-0299958.

Sincerely,

Ryan Getzlaf
